

Junior Parent Survey

As a club we are working towards delivering the best sporting environment possible for you and your children. To do this we need to understand the thoughts of our members. Opportunities to develop the life skills of our juniors – such as providing *Certificate 2 in Retail* facilitated by *Pinnacle Training Solutions* will continue to be explored and trialled. This opportunity arose solely through the suggestion of a club member.

Many hours a week are worked voluntarily by the committee, coaches & volunteers to ensure your children are provided with the appropriate skills and role models to learn about football and life. With the compliance required by AFL Victoria these days, running a junior football club is almost a business. Coaches, trainers, committee all require forms of accreditation (Coaching, First Aid, Working with Children, RSA) which must be obtained in their own time. They must obtain Liquor & Food Handling Licences as well as managing the Incorporations, OHS and Equal Opportunity Acts compliance.

Many parents may not understand the financial costs associated with fielding junior teams. There are many hidden costs such as insurance, umpires, affiliation fees, interleague reps, medical supplies, courses, trophies, equipment and gas / electricity (ground lighting costs a small fortune) etc. About 60% of the total cost to field our junior teams is returned by your membership and match day fees, with the other 40% coming from revenue raised by the senior body of the club through sponsorship, functions and senior memberships.

We also continue to provide financial support to community organisations such as Brimbank Little Athletics Centre, Brimbank Gardens Auskick Centre, Kids with Cancer Foundation and individual cases as deemed appropriate.

The club has a number of sponsors and it is expected that their services will be strongly considered by members at the relevant times.

Please take this opportunity to provide feedback on how we can improve what we deliver.
